Thursday, July 11, 2019 11:30am

Lunch will be at Lil BBQ Joint
At 1:00 pm we will start a short presentation on the development of the Independence Environmental Staff Services Group (Location will be the RCTF conference Room)
At 1:30 pm we will start the plant tour
Please consider bringing someone with you. This is a networking opportunity.

Directions to Restaurant:

Lil BBQ Joint (1101 W. HWY 24 Independence, Mo. 64050). From the north or south take I-435 to the HWY 24/Independence Ave exit, turn east on Hwy 24 and proceed east approximately 3 miles to arrive at the destination. From HWY 291 take the HWY 24 exit and proceed approximately 3 miles west to the destination.

Directions to the WWTP:

From Lil BBQ Joint, go west on HWY 24 to Sterling Ave.. Go north on Sterling Ave. to the 4 way stop. Turn west on E. Kentucky Rd. Proceed 10 blocks to Evanston Ave.. Turn north on Evanston and in 2 blocks you will arrive at the entrance of Rock Creek Treatment Facility.

Description:

The Rock Creek Treatment Facility has an activated sludge wastewater treatment plant following primary clarifiers. Disinfection is by sodium hypochlorite/sodium bisulfite dichlorination. The Plant utilizes primary sludge thickener basins and dissolved air floatation for secondary bio solids. Sludge is digested by wet air oxidation, decanted, dewatered, and is hauled to landfill.
Mr. Josh Eis will present the program on the Environmental Staff Services Group Development.
RSVP to 816-853-2910 or to mpearson@mecresults.com so we can get a headcount!
