## MWEA 2019 INDUSTRIAL PRETREATMENT AWARDS

While you are reviewing industry files to determine compliance status for your annual pretreatment report, please keep in mind the Missouri Water Environment Association (MWEA) pretreatment awards program. The MWEA Awards program recognizes industries for outstanding achievement in industrial wastewater pretreatment. Industries and/or their consultants may also apply for MWEA's Industrial Water Quality Achievement Award. If you know of an industry that may qualify, please refer to <http://www.mwea.org/> for further information.

Awards will be presented at the Joint MWEA/MOAWWA Annual Meeting on March 30, 2020 at the Margaritaville Lake Resort in Osage Beach, Missouri. Awards will be presented at the Awards Luncheon and will be sent electronically to those that are unable to attend.

POTW Pretreatment Coordinators are to select pretreatment awardees based upon compliance with discharge and reporting requirements in 2019 using the attached criteria. Industries that receive a Gold Award for five or more consecutive years also qualify for a Platinum Award certificate. To nominate qualifying local industries, please complete the attached spreadsheet with the requested information for the applicable nominees.

Please be sure to provide the contact name and email address for each nominee, as we will require this information to notify each nominee of their award. Please submit the completed spreadsheet by February 21, 2020 to:
